

Sequence diagram: Transmitter <= UART => Configurator

Connecting, reading data, disconnecting

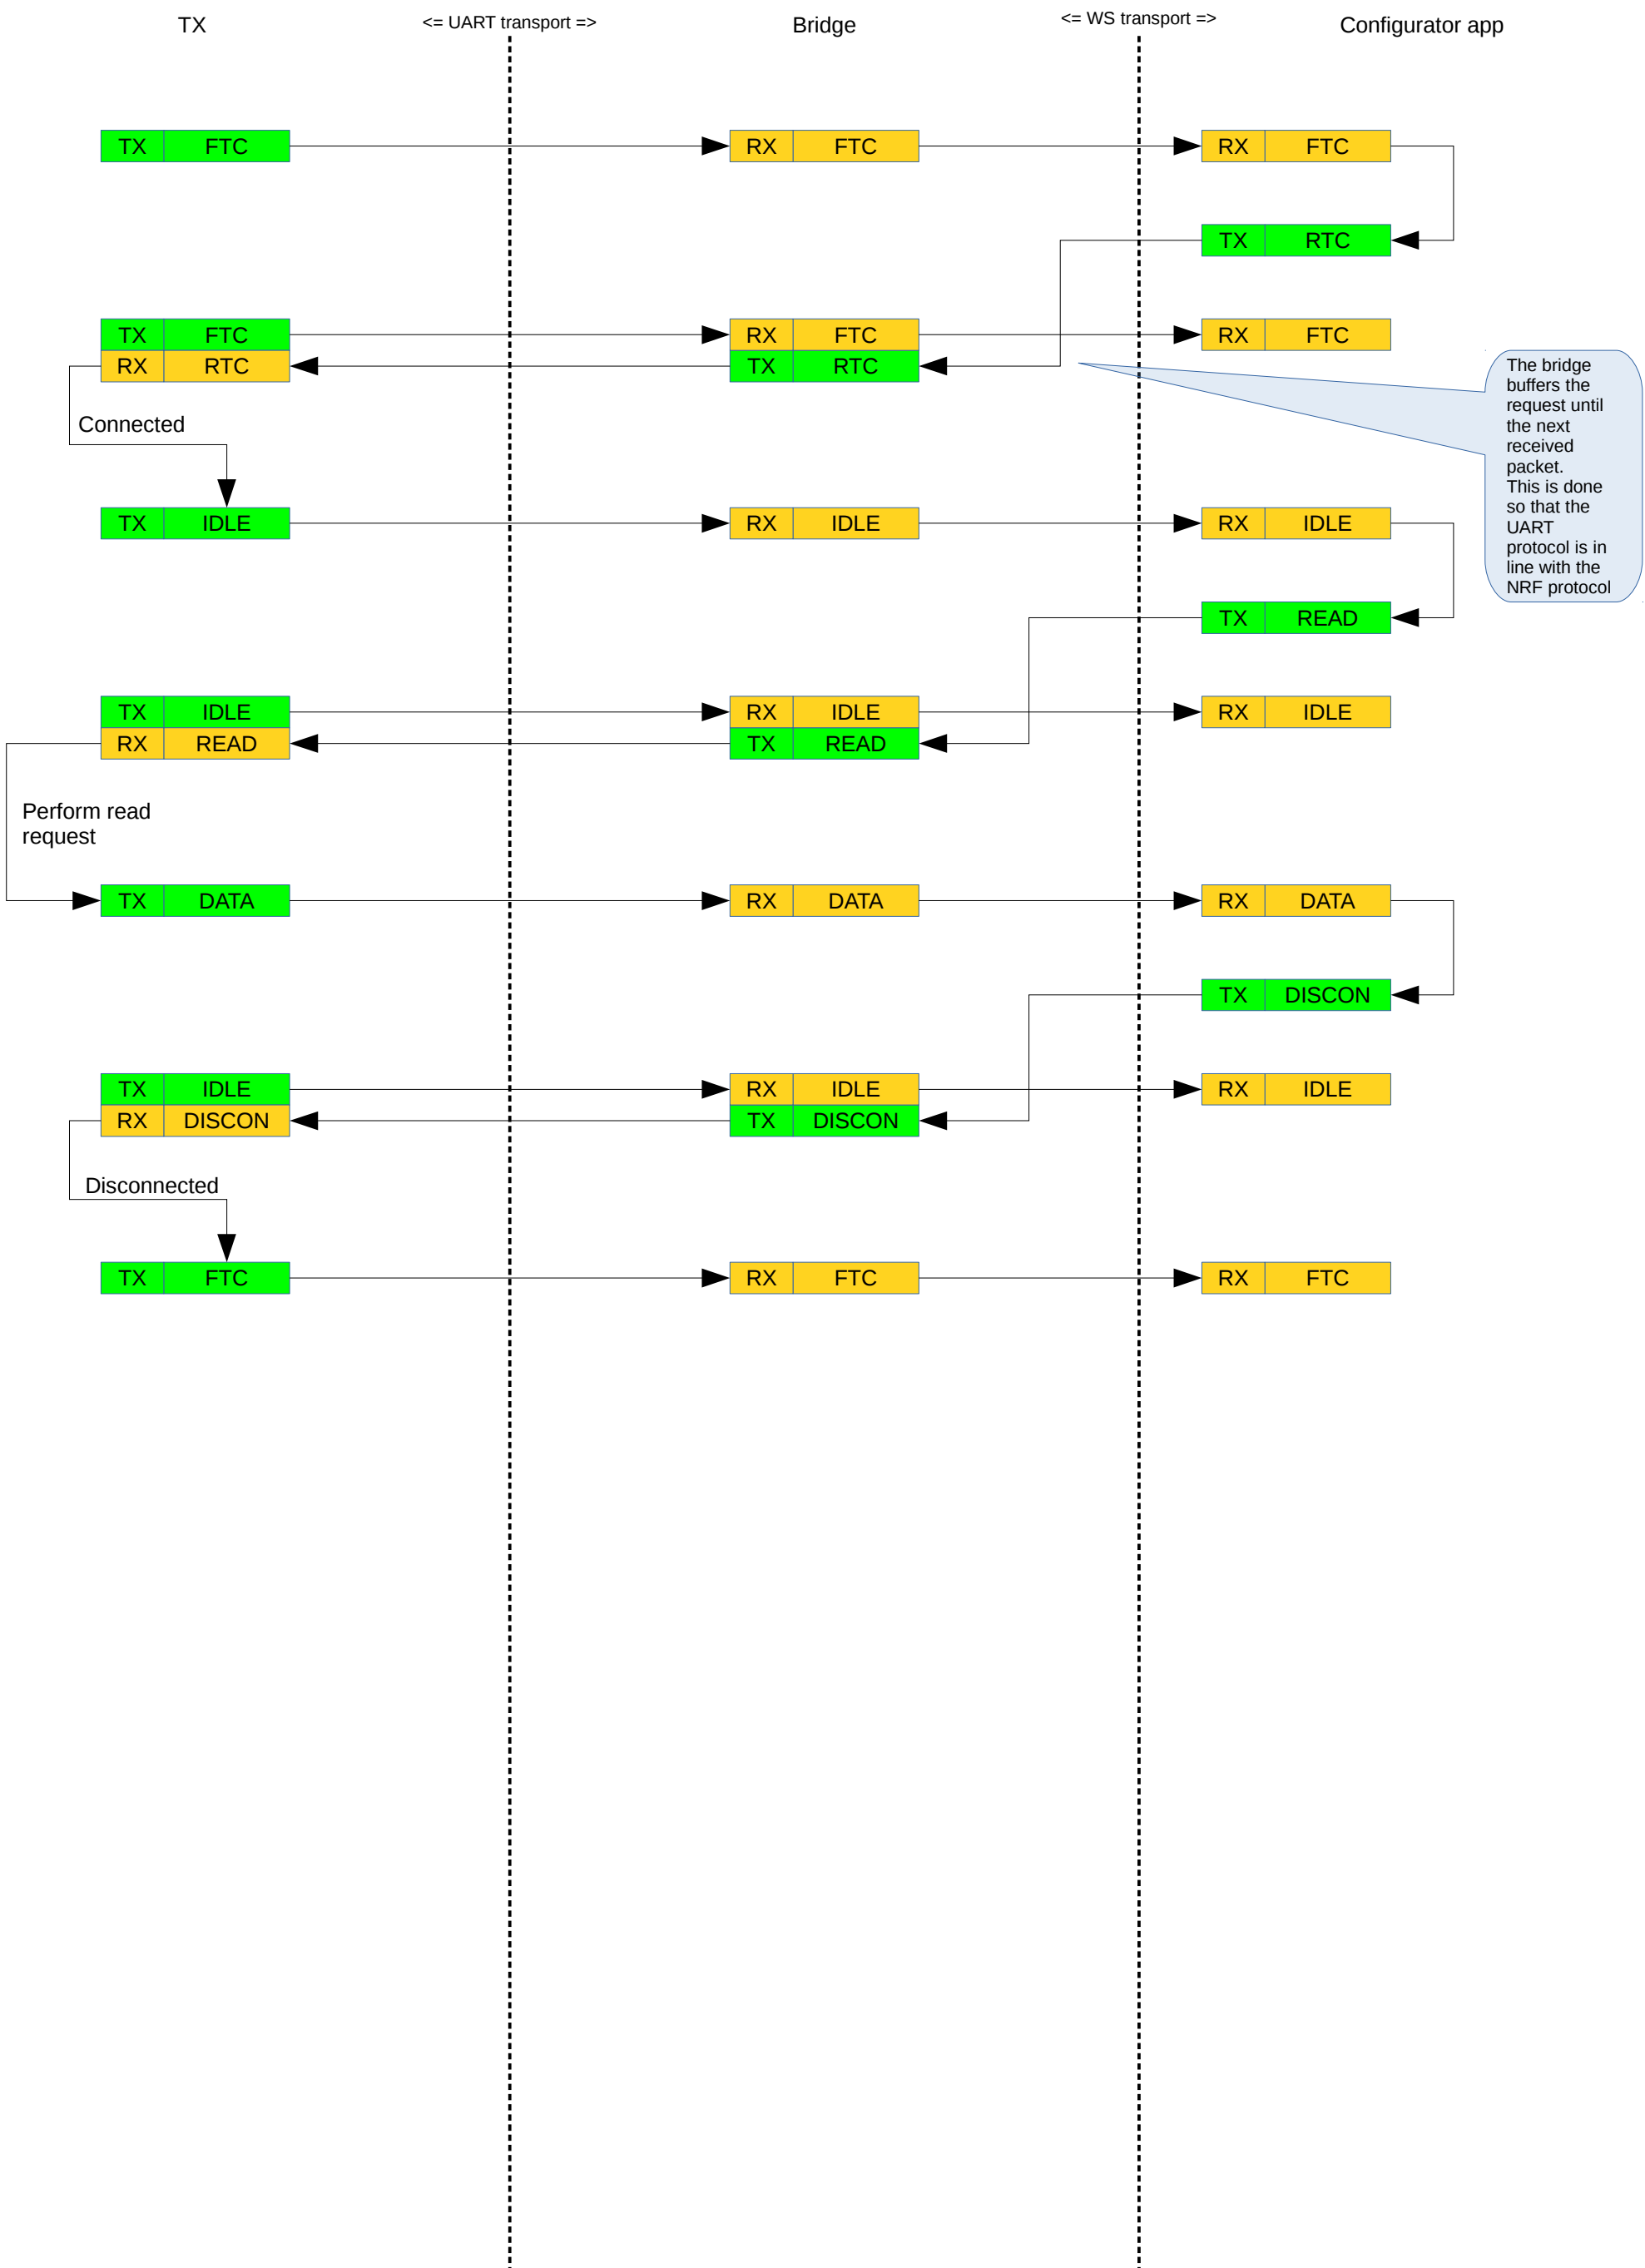

Sequence diagram: Transmitter <= NRF => Configurator

Connecting, reading data, disconnecting

Sequence diagram: Transmitter <= UART => bridge <= Websocket => Configurator

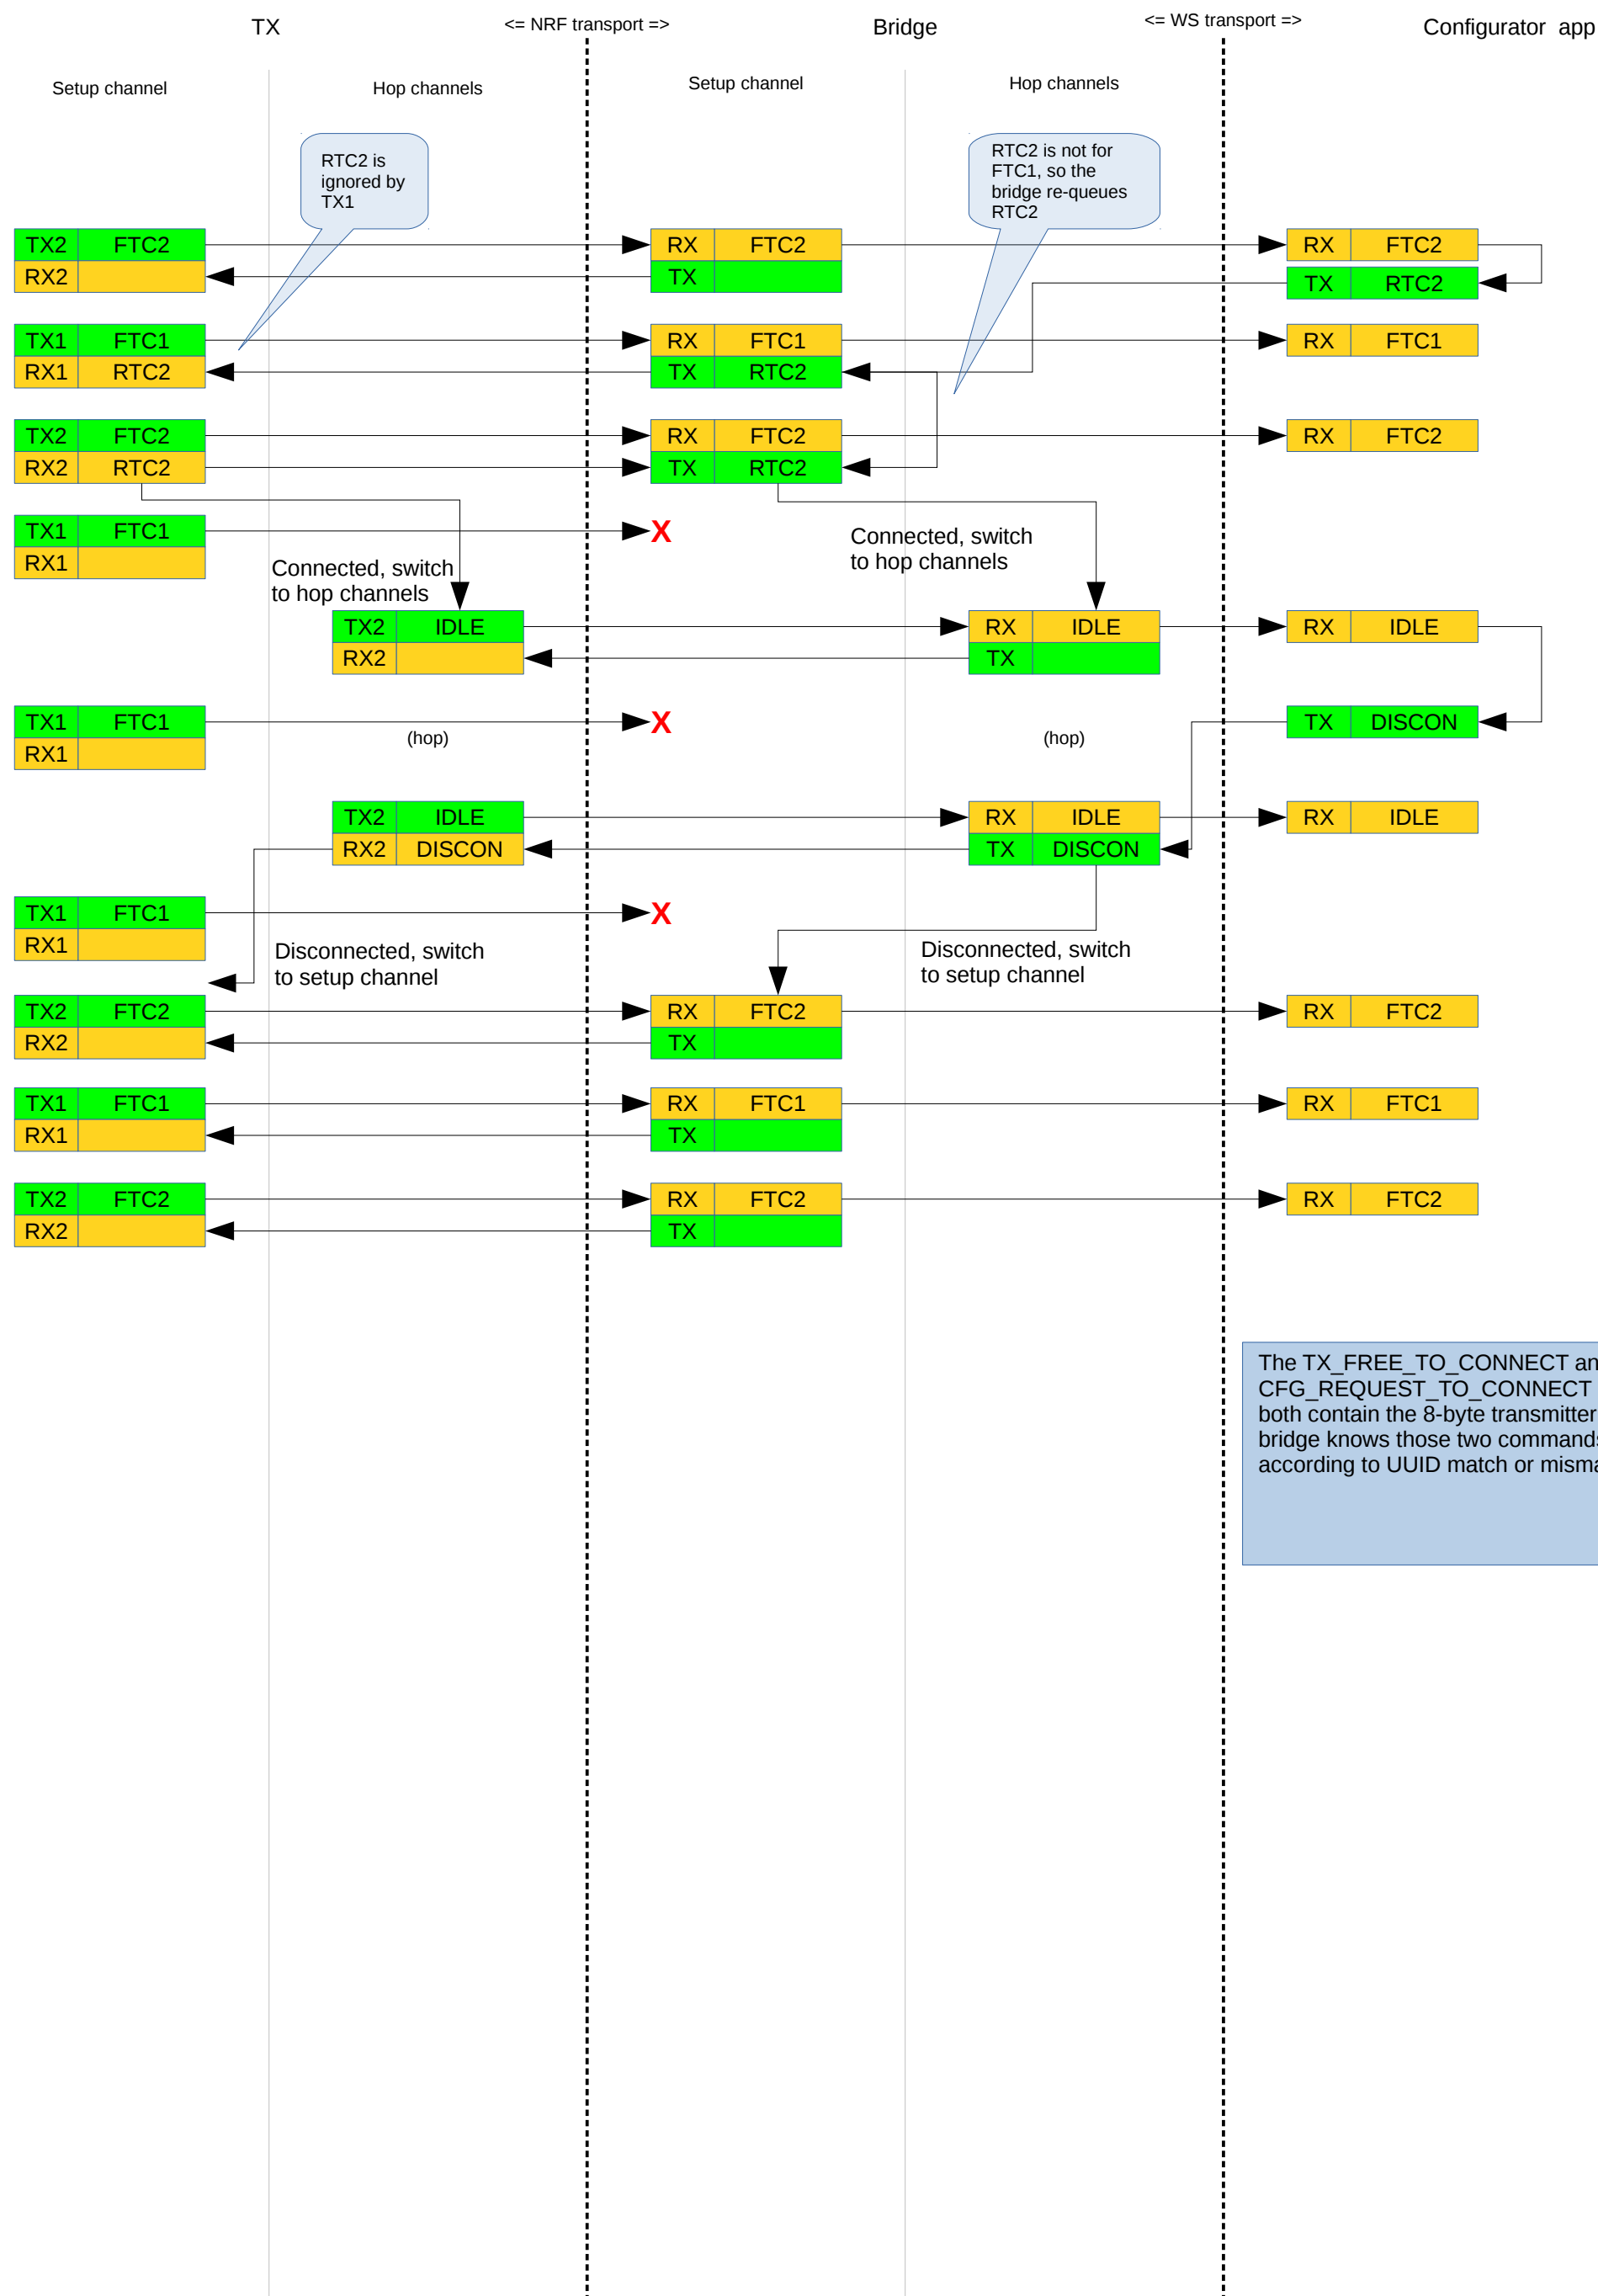

Connecting, reading data, disconnecting

Connecting, reading data, disconnecting

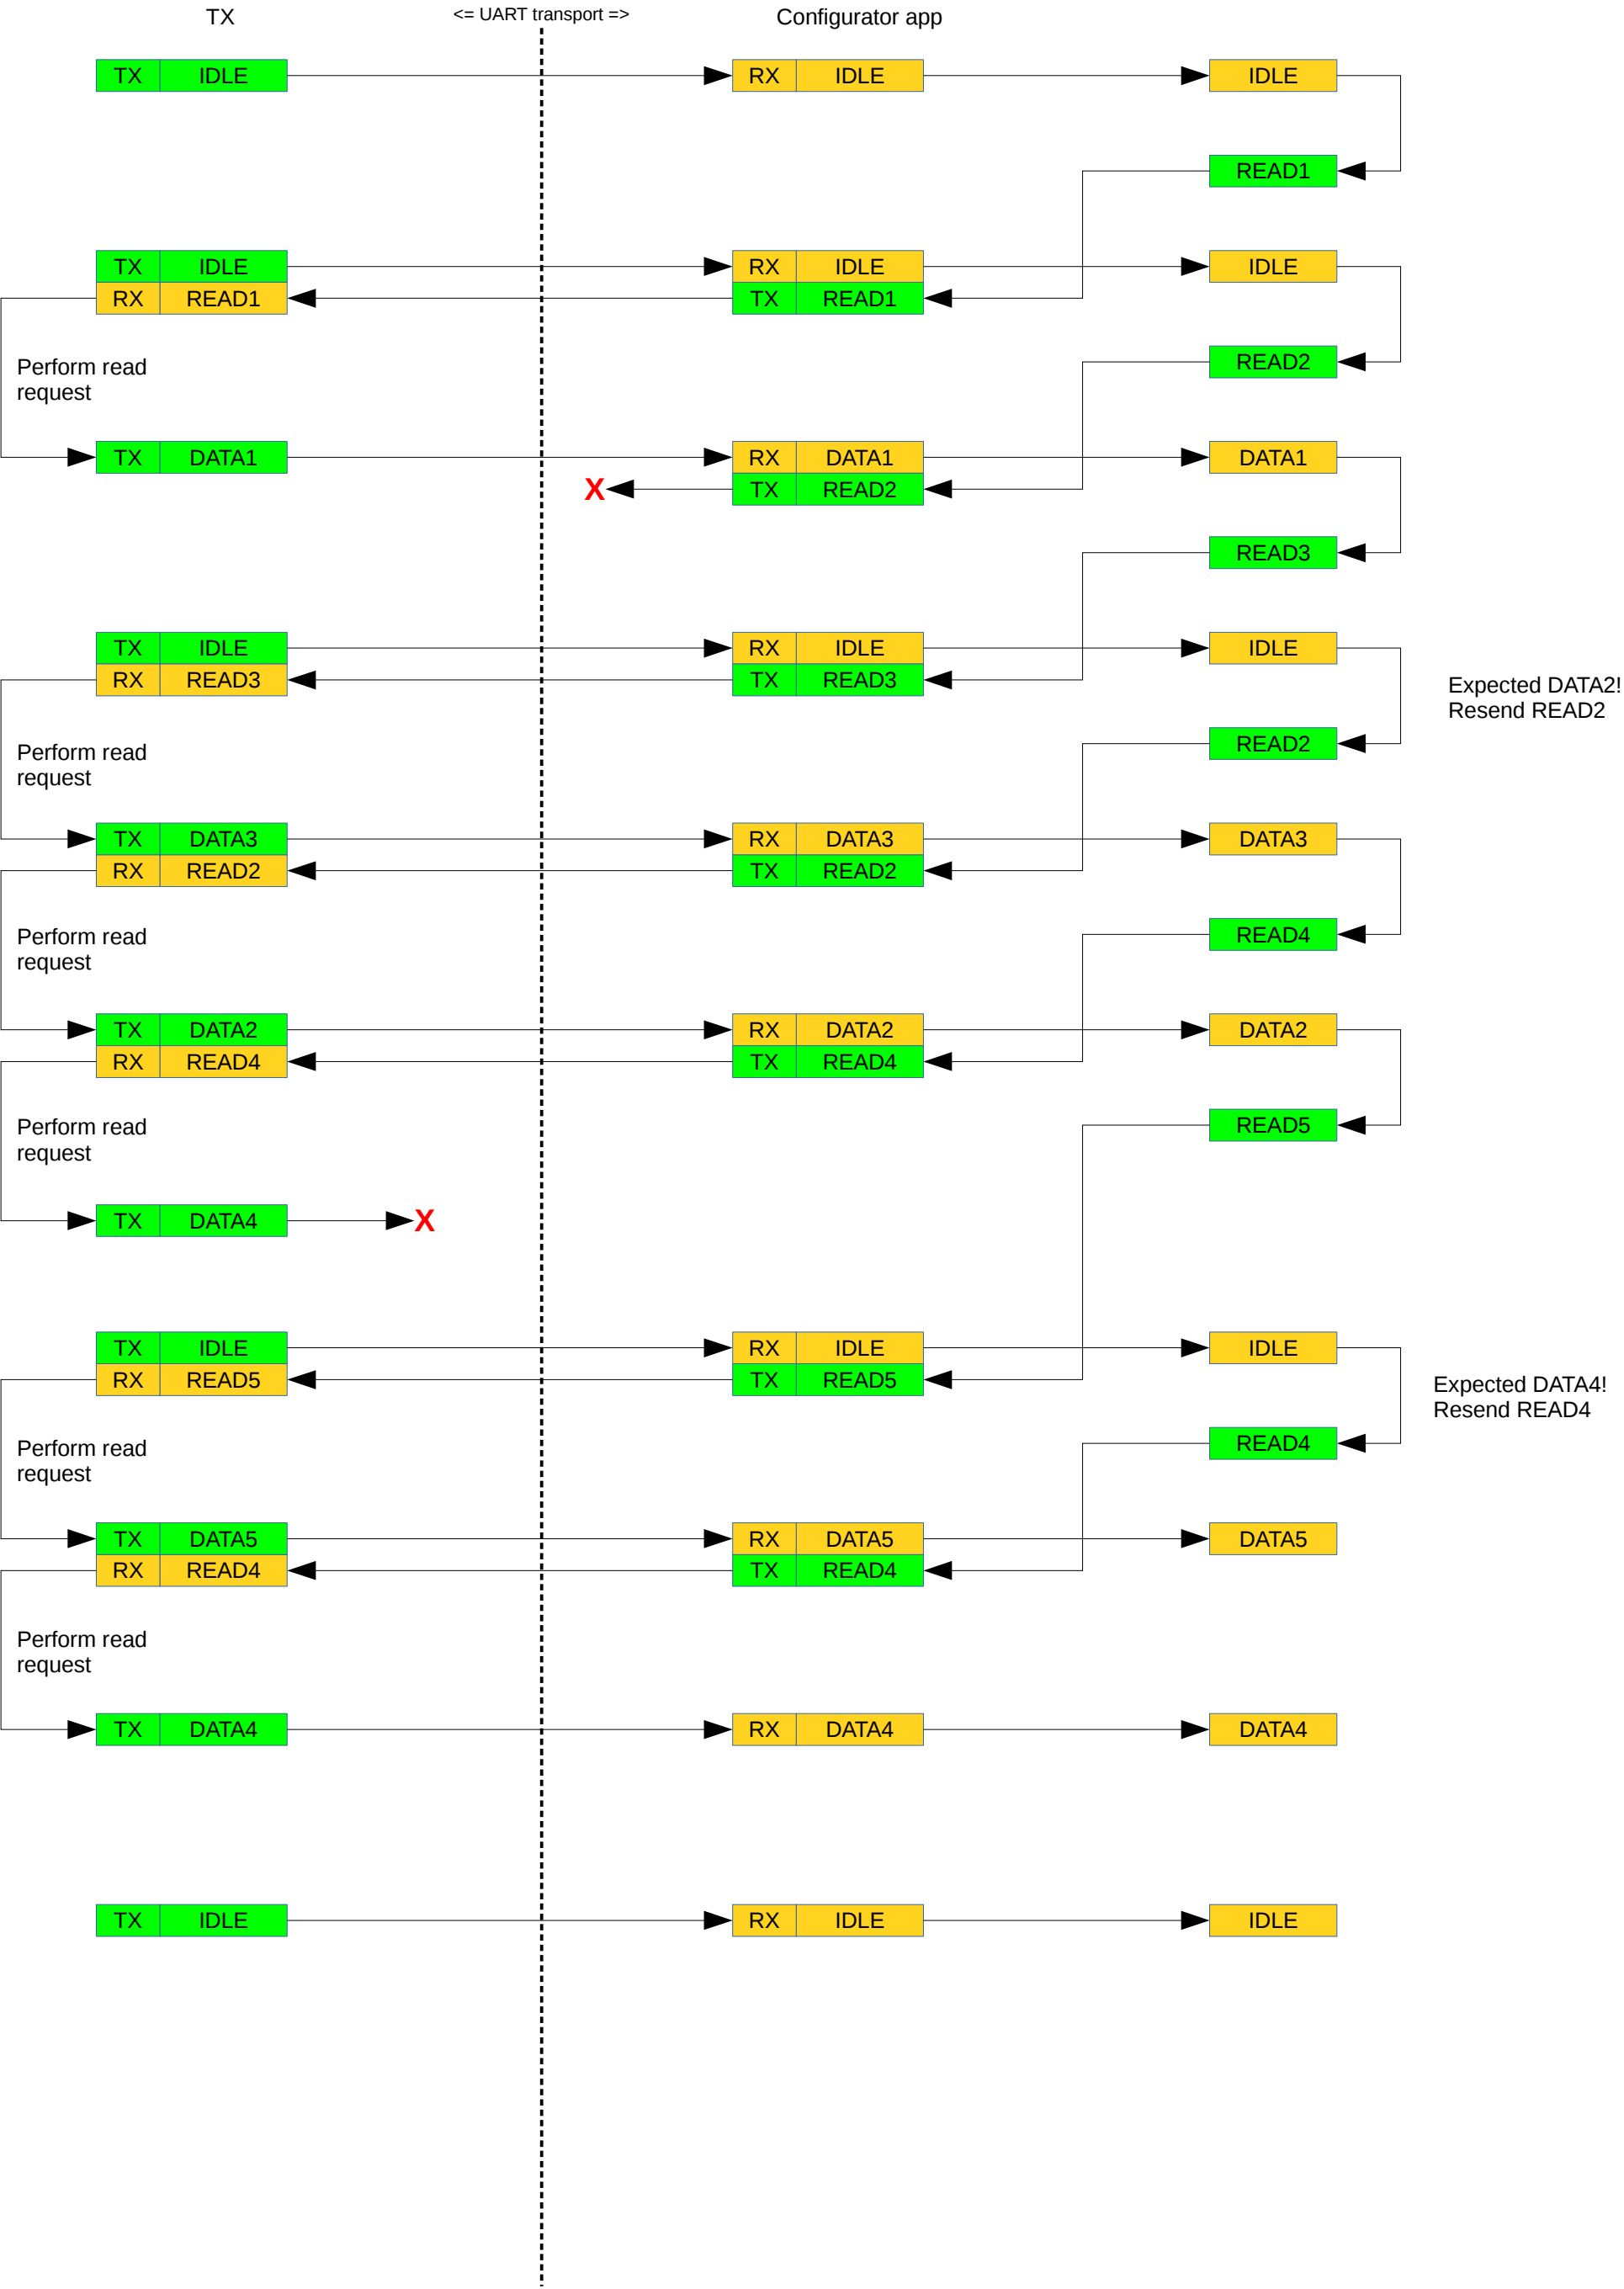

Sequence diagram: Transmitter <= NRF => bridge <= Websocket => Configurator

Multiple transmitters present, Connecting to a particular transmitter, disconnecting

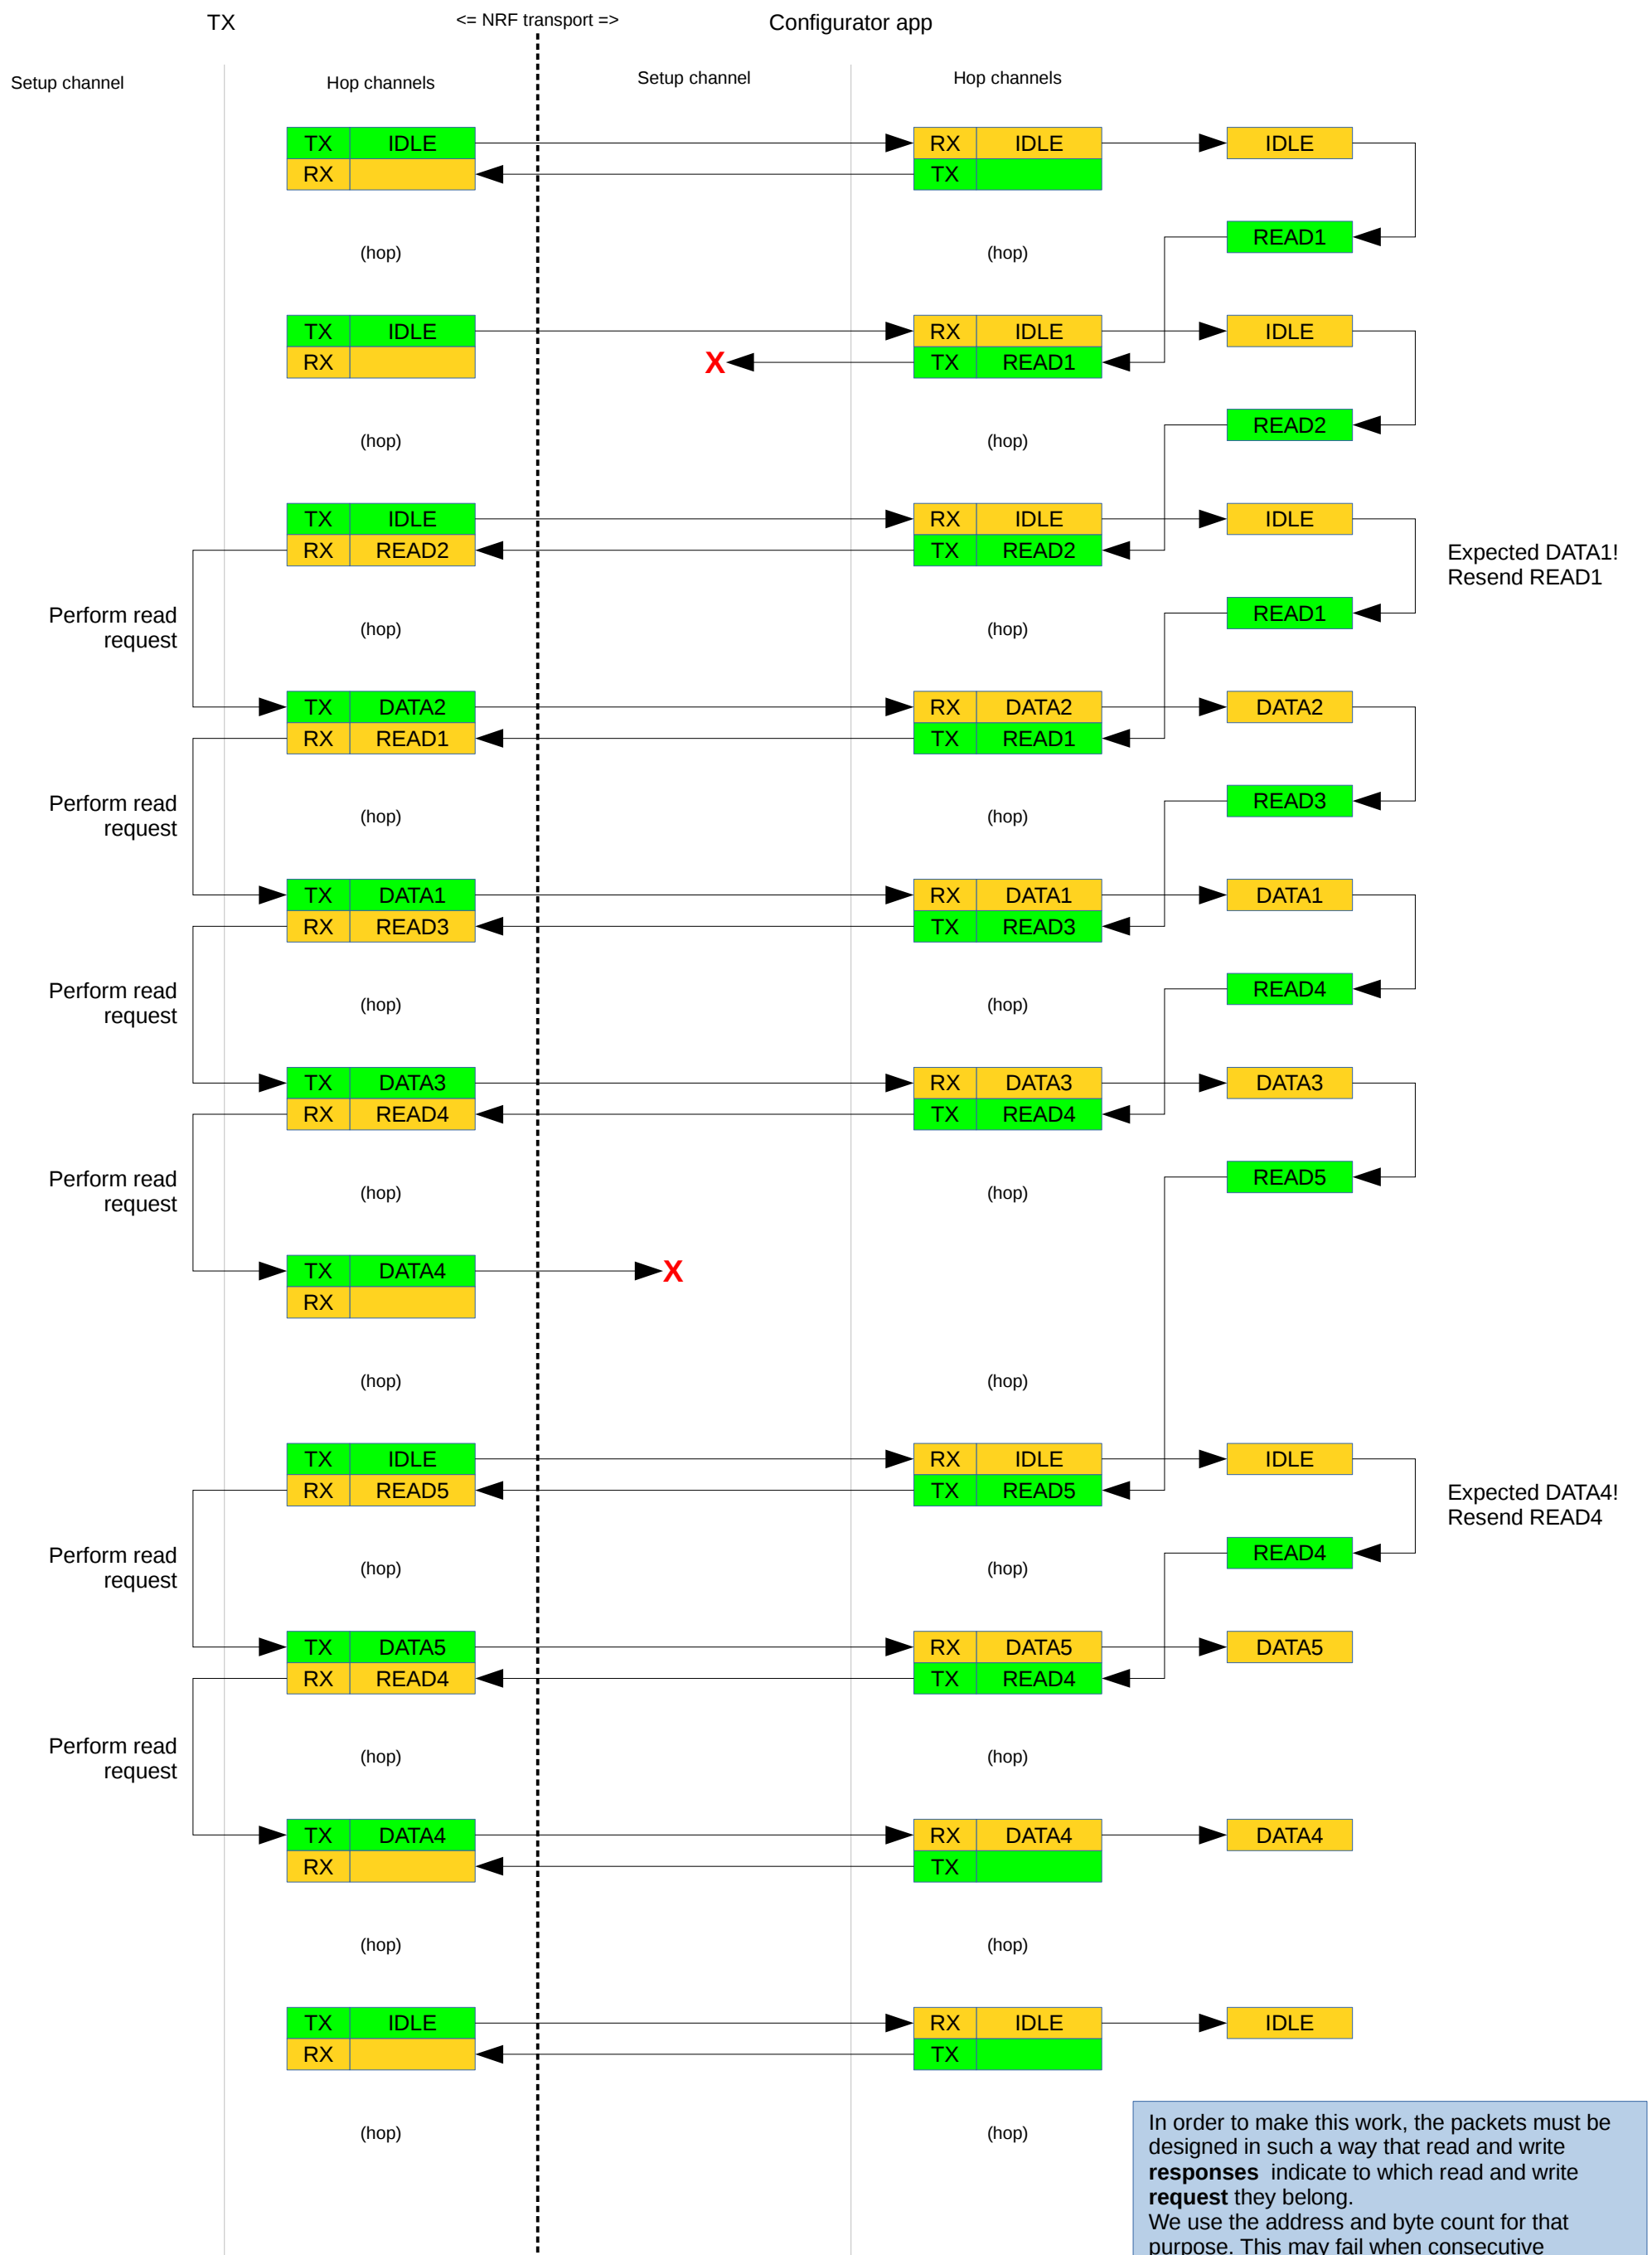

Sequence diagram: Transmitter <= UART => Configurator; connection already established

Errors while reading 5 blocks of data

Sequence diagram: Transmitter <= NRF => Configurator; connection already established

Errors while reading 5 blocks of data

Sequence diagram: Transmitter <= NRF => bridge <= Websocket => Configurator; connection already established

Errors on the Websocket transport while reading 5 blocks of data

Sequence diagram: Transmitter <= NRF => bridge <= Websocket => Configurator; connection already established

Delay in receiving WebSocket packets while reading 5 blocks of data
